

Our Expertise in

Tanks and Vessels

through design, manufacture, installation to maintenance.

Client / Contractor:

2008 Penrice Port Adelaide

Job category: Tanks and Vessels
Scope of work: Design supply and install a High Pressure NovaVessel Scrubbing Vessel together with NovaFlo™ Process Pipes for a harsh chemical process. The NovaVessel Scrubber was to stand end on end at 32 meters high and had to be self supporting. Novafast 1000™ resin was chosen for the harsh environment. Installation was completed during a plant shutdown.
Pipe sizes range: up to DN200-DN1800
Pressure rating: 6barg
Operating Temperature: 90°C
