

Our Expertise in

GRE / GRP / GRVE Pipes and Fittings

through design, manufacture, installation to maintenance.

Client / Contractor:

APLNG Water Treatment Facility - Condabri and Reedy Creek - QLD

Job category: Pipes

Scope of work:

Basetec were contracted for the module fabrication of 16 IX Valve racks for the APLNG Water treatment facilities. The scope of works included NovaFlo 1000 FRP pipe, steel fabrication, valve, mechanical installation, hydro-testing and commissioning.

The modules had to be built at a workshop near the project site and transported to site on low loaders. Design of the modules were done to ensure minimal site works.

Pipe sizes range: DN50-DN300

Pressure rating: 1000KPa

Resin system: Novafast 1000
