

Our Expertise in

Tanks and Vessels

through design, manufacture, installation to maintenance.

Client / Contractor:

BHP WMC Olympic Dam Acid Process Plant

Job category: Tanks and Vessels

Scope of work:

Novafast™ 1000FE materials were used to build the sulphuric acid plant. This included a significant number of large vessels, piping, ducting and supporting skids.

Contracted partner: Basetec Services supplied and constructed the plant from its Adelaide workshops.

These vessels are still in commission and continue to be some of the largest fabricated in Australia – 14 x 6m.

Services

- Site Maintenance
- Refurbishment Services
- FRP Engineering
- Concrete Treatments
- Protective Floor Coatings
- Water Proofing

Products

- Air Pollution Systems
- FRP Tanks & Pipe Systems
- FRP Scrubbers & Ducting
- Fibreglass Linings
